

SNPLMA Environmentally Sensitive Land Acquisitions
Round 6 Approval February 7, 2006

The following table lists properties by priority that have been approved for acquisition pursuant to the Southern Nevada Public Land Management Act of 1998 (Public Law 105-263). The properties were screened to ensure that they meet the minimum acquisition criteria required by the Act and recommended based on their natural resource values and public benefit. PLEASE NOTE: APPEARANCE ON THIS LIST DOES NOT IMPLY ANY OBLIGATION ON THE PART OF THE FEDERAL GOVERNMENT TO ACQUIRE THESE LANDS. Rather, this list represents those lands and interests in land approved for acquisition by the Secretary of the Interior according to federal acquisition standards for obtaining good title, hazardous materials assessments, etc., and agreement on purchase price with the owner. Questions may be addressed to the BLM Land Sales & Acquisitions Division (SNPLMA Office) 702-515-5114.
